

August 5, 1968

Dear Aunt Nora,

I am seeking information for my family genealogy and thought perhaps you would help me. But first, as to who I am. My mother was Alma Pittman Jones, Telatha's daughter.

I have been writing to Irene Byrd and she gave me your address.

So far I have been able to get very little information from anyone, except Irene, on the Lucas family. I should have asked Grandmother when she was alive, but didn't become interested in genealogy until after my mother died. I need help from you since you are one of the very few people who would know the answers to my questions.

If I sent you a copy of the family records, would you add what you know to them and return them to me? I would be very grateful for any help you could give.

Love,

Eugenia J. Chrestien
